Newton, MA (just outside of Boston)

This is an intensive 3-day course for English-speaking advanced homeopathic practitioners and is the first CEASE Training Course to be held in the US for the Homeopathic Treatment of Autism. It is an opportunity to become certified as a qualified C.E.A.S.E. Practitioner with an entry on the official website at www.cease-therapy.com.

Kim is a certified CEASE practitioner and has been working with Tinus Smits since 2004 using and teaching his detoxification protocol and Inspiring Homeopathy since her initial training with him in 2005. She is excited to continue spreading Tinus' work by teaching this effective method of detoxifying and strengthening both children and adults on the autism spectrum to more US homeopaths. Dori & Cindy are also certified CEASE therapists and have been using CEASE therapy with great success for the last several years, and will provide support during the certification course as well as insights from their own clinical experience with CEASE.
